

CONVOY RULES

To avoid any confusion, the following rules are to be adopted when on club outings and in a convoy situation:

1. Trip Leader to always lead.
2. Wherever possible keep vehicle behind in sight.
3. When turning onto another road or track, wait at turn until next vehicle is sighted and sees you turning.
4. Maintain radio contact with vehicle in rear and advance, if so equipped.
5. In dusty conditions, head lights should be on.
6. Trip Leader to warn of oncoming vehicles on gravel roads or when visibility is poor.

NOTE: Club radio channel is 12.
